Discover Germany Tour 2018

Don't miss this unique opportunity

Towards the end of 2018, a group of Macleod College students will embark on the adventure of a lifetime - a four week trip to Germany, Holland and the Czech Republic.

As well as learning more about the German language and culture, this tour will provide an insight into European history and an authentic experience of modern day European life. The first five days will be spent soaking up the sights and sounds of Berlin's unique culture.

In Düsseldorf, each student stays with a host family and attends school for two weeks. This unique part of the tour enables them to experience the life of a teenager in Germany. Day trips from Düsseldorf include Bonn, Amsterdam and Cologne. Following the homestay, the group has ten days of travel to exciting locations and during this time they experience the highlights of the region.

If you would like to be part of this amazing adventure, speak to Ms. Macanovic or Ms. Holl for more information. This is not just for students who will continue with German studies; all students are welcome to apply.
