MACLEOD
COLLEGE

Dear Families,

2023 - Year 07

Macleod College is looking forward to another great year of learning and educational experience and would like to advise you of Macleod College's voluntary financial contributions for 2023.

Schools provide students with free instruction to fulfil the standard Victorian curriculum. Although contributions are voluntary, the ongoing financial support of our families ensures that our school can offer the best possible education and support for our students. Our school only requests contributions for items that we believe add value to the school experience for students.

Macleod College proudly delivers a rounded, comprehensive, and inclusive program that caters for the learning and wellbeing needs of all our students. This program relies on your ongoing voluntary financial support to provide for the standard curriculum and additional educational and physical resources.

We thank families for their support, whether that's through fundraising or volunteering your time. This has made a huge difference to our college and the programs we can offer.

Within our college this support has allowed us to provide an enhanced offering of subjects and special curriculum experiences including updated resources; Holistic Health & Nutrition Days for students; preparation for an Indigenous Garden with ongoing work into 2023; enhanced digital learning opportunities; new shade sail adjacent to our Science Centre; updated security cameras and PA systems; continuous improvement of our college communication systems including the new iNewsletter, website updates, Compass Education; new outdoor and indoor seating and refurbished classrooms, ongoing student locker maintenance around the campus; student lunchtime activities - sports, dance and other clubs and much more.

For further information on the 2023 Department's Parent Payments Policy, please see a one-page overview attached.

Yours sincerely,

Andrew Arney
Acting Principal

Mark Lipman
