

November 2023

Dear Families,

2024 - Year 12

Macleod College is looking forward to another great year of learning and educational experience and would like to advise you of Macleod College's voluntary financial contributions for 2024.

Schools provide students with free instruction to fulfil the standard Victorian curriculum. Although contributions are voluntary, the ongoing financial support of our families ensures that our school can offer the best possible education and support for our students. Our school only requests contributions for items that we believe add value to the school experience for students.

Macleod College proudly delivers a rounded, comprehensive, and inclusive program that caters to the learning and wellbeing needs of all our students. This program relies on your ongoing voluntary financial support to provide for the standard curriculum and additional educational and physical resources.

We thank families for their support, whether that's through fundraising or volunteering your time. This has made a huge difference to our College and the programs we can offer.

Within our College, this support has allowed us to provide:

- an enhanced offering of subjects and special curriculum experiences including updated resources for new and exciting Year 10 Enlighten Program and VCE subject offerings;
- Holistic Health & Nutrition Days for students;
- enhanced digital learning opportunities including additional Careers Virtual Reality headsets;
- new seating in Theatre and Hall areas;
- continuous improvement of our College communication systems, website updates, Compass Education;
- new outdoor and indoor seating and refurbished classrooms, ongoing student locker maintenance;
- student lunchtime activities sports, dance and other clubs;
- and much, much more.

For further information on the 2024 Department's Parent Payments Policy, please see a one-page overview attached.

Yours sincerely,

Mario Panaccio Principal
